

YILIN HAO

Email: Y.Hao-20@sms.ed.ac.uk

Education

09/2015 to 06/2018 Bachelor of Science: Biomedical Sciences
University of York-York-United Kingdom

09/2018 to 08/2019 Masters of Science: Integrative Neuroscience
University of Edinburgh-Edinburgh-United Kingdom

Undergraduate final year project

11/2017 to 04/2018 Title: Characterising theta and gamma oscillations in the CA1 region of MeCP2 KO mice.
Project director: Dr. Darren Goffin
Project description:

- Analysed theta and gamma oscillations in the CA1 region of WT and MeCP2 KO mice.

Masters project

01/2019 to 08/2019 Title: The pathological effects of VAPB in rat cerebella
Project director: Dr. Mandy Jackson and Dr. Paul Skehel
Project description:

- Studied the morphological and electrophysiological alterations in the cerebella of a rat model of ALS.

Employment

01/2021 to 04/2022 Position: Research assistant
Principal investigator: Dr. Danyang He
Institution: Westlake University, Hangzhou, China
Project description:

- Studied the functional roles of microglia in neurodevelopment and neuropathology.
